CompHealth Group Acquires Foundation Medical Staffing Transaction Strengthens Most Comprehensive Service Offering In The Healthcare Staffing Industry

SALT LAKE CITY (September 20, 2005)—CompHealth Group (CHG), one of the nation's largest providers of healthcare staffing services, announced today it has acquired Foundation Medical Staffing, a leading staffing company that specializes in dialysis and rehabilitation professionals. Terms of the transaction were not disclosed.

“The addition of Foundation Medical Staffing further enhances our proven ability to provide a total staffing solution to our clients,” said Michael Weinholtz, president and CEO of CompHealth Group. “It is consistent with our strategy of providing industry-leading capabilities in each service line that CHG offers, as Foundation is the dominant provider of staffing for dialysis professionals in the U.S.”

Based in Oklahoma City, Foundation Medical Staffing is one of the fastest-growing healthcare staffing companies in the United States. Founded in 1999, the company has rapidly become a leading provider of dialysis staffing to outpatient and inpatient healthcare systems nationwide. Mark Smith, president of Foundation Medical Staffing, will continue to lead the company, which will operate as a division of CompHealth Group.

Smith commented, “We are in a period of rapid expansion; and joining CompHealth Group provides us with the infrastructure and support we need for continued growth. The additional resources that CHG will provide us, coupled with its outstanding reputation and broad client base, is a formula for success—we’re very excited.”

CompHealth Group currently employs nearly 1,000 people in its eight U.S. locations; and is the largest privately-held provider of healthcare staffing services in the United States.
