Utah Businesses Team Up For United Way Day

Salt Lake City, Utah (September 3, 2004)—In association with United Way of Salt Lake, three Utah businesses will combine resources to benefit kids and seniors for **United Way Day 2004 on Thursday, September 9.**

More than 120 employees from CompHealth Group, Kern River Gas Transmission Company, and Marriott Guest Services/MVCI Owner Services will volunteer their time and efforts on behalf of Neighborhood House, a private, non-profit, United Way organization that provides quality day care for children and adults based on their ability to pay.

The volunteer group will perform repair and maintenance work to the facilities and grounds, and also provide entertainment for the children and seniors who use the day care services. **Entertainment activities will include a children's carnival and musical sing-along program for the seniors.** Hours will be from 10 a.m. to 1 p.m.

“United Way Day gives private, non-profit organizations such as ours a chance to make necessary repairs that we would otherwise not have the staff, time, or resources to do,” commented Kathie Williams, administrator for Neighborhood House Riverside Adult Day Center. “And the one-on-one visits with the seniors is invaluable—they really enjoy the attention.”

The Neighborhood House adult and children's centers are located next door to each other and share common grounds. The street address for the Neighborhood House Riverside Adult Day Center is 423 South 1100 West. The Neighborhood House children's center is located at 1050 West 500 South.
