Pharmacy Job Search Made Easier By New Site

Job search, user experience improve with new AHR Pharmacy Solutions site

MISSION VIEJO, Calif. (February 1, 2010) -- AHR Pharmacy Solutions, a pharmacy professionals staffing firm and part of the CHG Healthcare Services family of companies, has enhanced its website to provide easier navigation and a better user experience for its client and providers.

"We designed the new website with added value in mind. The site is a resource for pharmacy professionals interested in working with AHR and those who are already part of the AHR team. Potential clients will also find it helpful, as it contains a clear explanation of our service offerings," said Mr. Brian DeMeo, president of AHR.

The new site overhaul will simplify the job search for pharmacy job seekers by delivering critical information more easily and succinctly. Pharmacists can contact an AHR personal recruiter, either by phone or an online form, to determine what job opportunities are available. Clients will receive the same exceptional service when finding the pharmacy staff member to fill their needs. The new site also features up-to-date industry news and AHR's monthly newsletter, which is also available by subscription.

"We're excited about raising our visibility in the marketplace. This site is another step in the growth and evolution of AHR," said Mr. DeMeo.

AHR, which specializes in matching the right pharmacy staff member with the needs of hospitals, government and state facilities, as well as specialty and retail pharmacies, can now be found at www.ahrpharmacyjobs.com.
