

Tax Home Representation Form

I have completed the Tax Home Status Determination worksheet and consulted with my tax advisor, as I believe appropriate, and now make the following good faith determination (*please check the most appropriate box below*):

- A. I maintain a permanent tax home and the address of that tax home is (mandatory, no PO box consistent with my W-4):

I understand that I will be required to make this representation periodically. If my permanent tax home changes, I must notify the Company immediately. I also understand that as generally required by state tax law (except for certain states with reciprocity), state income taxes will be withheld from my taxable compensation based upon the state of my assignment. In some cases partial withholding will also be required for my tax home state and for a few states, both state taxes must be fully withheld. I further understand that this representation does not guarantee my travel-related expenses will be tax-free, as the commuting and one year limitation rules must also be considered for each assignment.

or

- B. I do **not** maintain a permanent tax home. As such, I understand the IRS considers my tax home the area of my temporary assignment.

I understand that without a permanent tax home, all lodging costs or allowances, mileage reimbursements and other transportation costs, and meal & incidental per diem benefits paid me or provided on my behalf will be treated as taxable compensation reported on Form W-2 subject to applicable payroll taxes. I further understand that only the state income tax for the assignment state will be withheld.

Tax Home Determination Worksheet

This worksheet is provided to assist you in determining whether you have a permanent tax home as defined by the IRS in Revenue Ruling 73-529, and therefore determine the tax status of the travel costs and/or allowances provided you or paid on your behalf while on assignment. Because of the critical nature of this determination, we encourage you to consult with a tax advisor. This worksheet is for your personal use and should not be returned to the Company.

Please check appropriate boxes below:

YES <input type="checkbox"/> NO <input type="checkbox"/>	1. Do you perform a portion of your business or work in the vicinity of your permanent tax home? <i>Many travelers will not meet this requirement, as they do not have regular work or business in the tax home area.</i>
YES <input type="checkbox"/> NO <input type="checkbox"/>	2. Are you duplicating living expenses (mortgage, rent, utilities, etc.) to maintain the permanent tax home while away from home on assignment? <i>Limited IRS guidance provided, but as a minimum the duplicate expenses to maintain the tax home should exceed \$250 per month.</i>

IF you responded YES to all three questions above, then you have a permanent tax home and should check **Box A** on the Tax Home Representation Form.

IF you responded NO to two or more of the three questions above, then you do not have a permanent tax home and must check **Box B** on the Tax Home Representation Form.

IF you responded YES to two of the three questions, then you must consider the following potential “facts and circumstances” attributes to determine whether you have a permanent tax home. All questions do not necessarily require a YES answer to secure a favorable result, but certainly the majority should have a YES response, and the first four questions are of particular importance.

YES <input type="checkbox"/> NO <input type="checkbox"/>	• Is the tax home address your address of record for your income tax returns?
YES <input type="checkbox"/> NO <input type="checkbox"/>	• Do you have telephone service at the tax home or is it your primary mailing address?

One-Year Assignment Limit

If your assignment (including extensions) or previous assignments (even with a different agency) in the same geographic location is expected to last more than one year without a significant break in service from that area, tax law dictates that the location of your assignment will be your tax home regardless of your permanent tax home status. Then, all transportation, meal, and lodging allowances paid to you or paid on your behalf must be treated as taxable compensation to you. These travel allowances and costs become taxable as soon as it becomes known the assignment will last longer than one year. That is, once an assignment has been extended to the point where it will lapse over the one-year anniversary date, the travel expenses will become immediately taxable with the execution of the extension, not on the 366th day of the extended contract. Commuting

If you are working on assignment within typical commuting distance from your permanent tax home, transportation, lodging, and meal allowances will not be provided. Commuting is generally referred to as within the worker's metropolitan area or broader rural geographic area. It is generally the common-practice, reasonable daily commute for the area. An undocumented, one-way commuting rule of thumb might be as long as 50 miles or 2 hours in an urban or suburban area and 100 miles or 1½ hours for a rural area. If you are returning home more than occasionally during the work week, that would be a strong indicator that the assignment is within commuting distance.
